

At East Quay we believe in providing the best level of care and attention, tailored to meet the needs of each person we see. This philosophy also extends to all our eye care services.

During your visit we take the time to clearly explain the procedures carried out and your results so you understand what it all means.

Excellent ★★★★★ Trustpilot

OCT scans now available with upgraded exams

- Unobtrusively see through the layers behind your retina with a 3D OCT scan, enabling our optometrists to see any abnormalities earlier.
- Scans can detect macular degeneration, glaucoma, diabetes or monitor for any change if you have a family history of these conditions.
- Available as part of our premium private eye examination, or upgrade an NHS sight test for a small fee.

ACUTE COMMUNITY EYE-CARE SERVICE

ACES

What is ACES?

Aces is a **free** service available to all patients registered with a Somerset GP. The service provides patients experiencing recently occurring medical eye conditions with appropriate treatment closer to home. The service is provided by local optometrists with the specialist knowledge and skills to carry out this work at locally approved opticians.

The service is designed for recently occurring medical conditions such as:

- Sudden or recent reduction in vision in one or both eyes
- Red eye(s) or eye lids
- Pain and/or discomfort in the eyes, around the eye area or temples
- Recent onset or sudden increase of flashes and/or floaters in one or both eyes
- Mild trauma, for example a scratch to the outer surface of the eye(s) or lid(s)
- Suspected foreign body in the eye
- Recent onset of double vision
- Significant recent discharge from or watering of the eye

If you are unsure whether your symptoms qualify, please contact an ACES provider who can advise you.

We provide this service here at East Quay Vision and a list of other ACES participating practices can be found at <https://nhssomerset.nhs.uk/health/local-services/somerset-acute-eyecare-scheme-aces/>
